

A Great Day to Talk About My Lord

1 - Instead of the bad news I'd rather talk about

My precious Lord and His glory all about...

When I look at the world He created it to be

It's a Great day to praise God's creativity...

Chorus: Oh, it's a great day, He's given us His Power

To live in a cruel world this final Hour....

I want to walk with Him, giving Glory to His Name..

It's a great day to say He's covered my Shame!

Oh, it's a great day, He's given all He had

So I could live victorious in this land....

He's given me authority, and given me His sword,

It's a great day to talk about my Lord!

2 - Instead of talking 'bout that woman down the road

Who was caught in adultery, I'll lay down my stone.

Instead I choose to speak what is Written In God's Word,

It's a great day to talk about the Lord, let it be heard!
